Dynamic Power Sharing Technology

Multi-Protection Safety System

2 x USB-C

1 x USB-C

1 x USB-A

MINIX NEO P3 combines three USB-C ports and one USB-A port to create a next-gen charger that delivers unprecedented power and portability.

Next-Gen GaN Technology

Powered by the latest Gallium Nitride (GaN) Technology, the MINIX NEO P3 100W Turbo 4-Port GaN Wall Charger is capable of delivering a massive amount of power while maintaining an ultra-light-weight and compact form factor.

Power Sharing Technology

With 100W, there is plenty of power to share around with 3 x USB-C (supporting Power Delivery 3.0) and 1 x USB-A (supporting Quick Charge 3.0) ports. Giving you the power to charge your laptop, tablet, smartphone, and another USB device all at the same time.

Dynamic Smart Detection

The cleverly designed, built-in foldable wall plug tucks away when not in use, further reducing MINIX NEO P3's size. Our MINIX NEO P3 100W Turbo 4-Port GaN Wall Charger supports worldwide universal 100-240V voltage. EU and UK adapters are included in the box for worldwide compatibility, making it the perfect travel companion.

Universal Compatibility

MINIX NEO P3 supports the majority of Quick Charging Protocols, including Apple PD 3.0, Android QC4+, QC 3.0 etc. It is compatible with most USB-A and USB-C smartphones, tablets, laptops and electronic devices, including:
